

# DOMAINE DE CANTON

---

Properties list:  
end-user packaging  
single product  
new product  
sauces and seasonings  
bottle  
metals  
metallic  
identity by shape  
identity by colour

From [www.barnonedrinks.com](http://www.barnonedrinks.com): "A striking bottle has been created for Domaine de Canton, as unique as the liqueur itself. French elegance and Asian mysticism merge in the form of a classic pagoda shape and rendered in satiny glass. East meets West in packaging that is different from anything else on the market, and yet very approachable."
