The ReMake It is a glass bottle lamp. All you have to do is save six 12 oz. glass soda or beer bottles, clean and dry them and hang them inside the kit's wire frame. If you know someone who drinks a lot of beer or soda, this would be an awesome gift that will encourage them not only to recycle, but to repurpose items that they would normally throw away.

Why it's green: requires you to recycle glass bottles to complete the kit compatible with a CFL (compact uorescent light bulb).
