# **SNEEZEPACK**

### Properties list:

reusability refill system arts and crafts end-user packaging extra-use of packaging concept cosmetics, beauty and toiletries flacon plastics minimal contemporary unusual structural association smooth

Sneezepack is the new solution to protect your handkerchief inside the purse or in the car. It's a fashionable accessory made from a shampoo bottle giving a second and long life for the plastic material of the packaging. It's also possible to hang it in the purse, easy to find out whenever you need it.
