

ST. GEORGES WATER

Properties list:

new product
water
labels and sleeves
bottle
plastics
transparent
identity by typography
single product
end-user packaging

Designed by Philippe Starck in 1998, the bottle emphasises the purity of the water through the linear bottle's design.

Starck has also indicated the origin of the source through the color of the cork: black as the Corsica island's flag.

Two sizes - 1.5 and 2.5 l bottles.
