The Triennale Design Museum, presented "Message on the bottle", a project of OnDesign, the design and communication agency headed by the Italian-German designer duo Francalma Nieddu and Olav Jünke. They invited their designer friends around the world to p ut a personal message on the bottle as a label or in any form they liked. The resulting works had been presented to the public at the Triennale DesignCafè in Milan on bottles of b iodynamically grown Barbera and gave wines from Piedmont's La Raia wine cellar, after winning a European Design Award in Stockholm with their "wine for you" design, an emblem of the exibiion. The design is a modern reinterpretation of the message in a bottle theme, featuring not a letter, but a fine wine.

"Wine for you" project is the reward for whoever finds this bottle containing - no, not a long outdated letter but the finest Piedmontese Gavi. On the back, designers Olav Jünke and F rancalma Nieddu ask to be informed by eMail where the bottle is found.
