range of products
new product
confectionery and sweetness
chocolate
other shapes
folding carton
metals
cardboard and paper
minimal
contemporary
unusual structural association
identity by shape

5.5 Designers have created Introverted for Spanish the Chocolat Factory. Introverted is a series of edible chocolate domes with different cacao percentages. A simple cardboard structure with a handle holds an aluminium dome on a wooden circular plate. Inside there's a series of chocolate domes that mimic the external structure, increasing the percentage of cacao in each smaller layer.
