

HE SAID SHE SAID

Properties list:

- adults
- end-user packaging
- range of products
- wine
- new product
- labels and sleeves
- bottle
- cardboard and paper
- glass and ceramics
- ironic
- illustrated character

Communication between the sexes has long been hazardous. He says "wrong way down?", she says "right way up?" and before you know it things have gone all topsy-turvy. "He said, she said" is the fun and quirky entry level wine range for The Lake House Denmark in Western Australia. The naming and label is designed to inspire conversation and spark a healthy debate at the dinner table.
