

# 8 BIT DOMINOES

---

## Properties list:

single product  
new product  
toys  
folding carton  
cardboard and paper  
opaque  
identity by typography  
end-user packaging

The classic game of dominoes redesigned using the binary number system. Collapsable paper playing pieces create a compact design that mimics the ever-shrinking forms found in other digital products. Simple black and white colours reflect the on/off nature of the binary system.
