end-user packaging
single product
new product
confectionery and sweetness
box
cardboard and paper
ironic
contemporary
identity by colour
identity by textures and patterns
event packaging

This beautifully designed candy calendar by Spanish design studio Series Nemo was a special holiday promotional item. The candy calendar was created and given out to the studio's clients as a unique and festive greeting.

Featuring dark, milk, white and orange-flavored chocolates the candy calendar from Series Nemo isn't an advent calendar, as there are far more than 25 chocolates arranged in the shape of a Christmas tree.
