- new product
- confectionery and sweetness
- chocolate
- folding carton
- metals
- cardboard and paper
- contemporary
- debossed, embossed
- identity by pictograms

"From the matchbox-like packaging to the slender bars of dark chocolate contained within, Alice Chocolate is an exquisite treat through and through. The silhouette of a girl stamped on each bar and adorning the package furthers the Victorian allusion of the name and makes for a lovely gift or accompaniment to coffee."
