- identity by typography
- identity by system of colour

Demonstrating the level to which the art of chocolate blending has now been raised is Spanish confectioner ChocoLate Organiko's Spices range, which comes in four seductive flavours, presented in these stylish tins. ChocoLate Organiko is a spanish company, formed from a group of professionals of both, the industrial design and the communication sectors and, of course, of the chocolate's world. The passion for this one unified us and we decided to elaborate a pure chocolate without additives, totally natural. All together combined with an exclusive design which transmitted our passion by the care and the purity of the elements. For us, it is a pleasure to show you a ChocoLate Organiko, of aroma and flavour natural 100%.
