

BALI CATERING COMPANY

Properties list:

- disposable packaging
- biodegradability and compostability
- end-user packaging
- range of products
- soups and ready-meals
- frozen food
- fish and meat
- finger food
- desserts and ice-creams
- delicatessen
- new product
- other materials
- photo to describe
- identity by textures and patterns

To differentiate the various products different patterns were designed: inspiration for them comes from organic/natural shapes and materials to maximize the feeling of super natural food, recyclable papers and ecological life style promoted by the company.
