

ORGANIC PACK

Properties list:

- recycled materials
- biodegradability and compostability
- ready to use
- end-user packaging
- range of products
- concept
- other food
- folding carton
- box
- cardboard and paper
- bio plastics
- eco-friendly

Organic Pack offers a new way of living the day and the relation with food. The products are modeled on the different kinds of meals, from fast food at lunch to slow and typical food at dinner, and are presented as food containers made from recycled materials and 100% recyclable but also usable as cookware and serving dishes.
