

5 REGOLE ANTISPRECO

Properties list:

- information about content
- information about use
- packaging as a new medium
- end-user packaging
- range of products
- extra-use of packaging
- concept
- other non-food products
- labels and sleeves
- shopping bag
- bag
- cardboard and paper
- eco-friendly
- contemporary
- identity by typography
- identity by system of colour
- reusability

This is the project of a labelling system for vegetables, in order to make people aware of the problem regarding waste of materials. It gives advices and rules to buy in a clever way. Vegetables are usually at the entrance of a supermarket, so labels and products will greet customers and address them to buy carefully, not wasting materials.
