

FLIPTOP JAR

Properties list:

unusual structural association
reusability
end-user packaging
range of products
new product
cosmetics, beauty and toiletries
plastics
wood
jar and pot
rough
identity by shape

The latest version of the fliptop jar by the Paderno Dugnano based concern, has a surprising effect that wins you over. It is made by combining the PP of the container with a highly original wood covering; the artful assembly with use of glue stuff underlines its ecocompatibility.
