cosmetics, beauty and toiletries
jar and pot
folding carton
box
plastics
glass and ceramics
well-being
minimal
unusual structural association
identity by shape
new product
range of products
end-user packaging

In this range of packagings, in order to protect the oil from sunlight, has been necessary to use a colored glass, the same glass used for the pharmaceutical flacons. The conical shape gives the structure an elegance sensation, while the convex basis imparts a rhythmical movement.
